

Leadership

By

Mallori Roberts

What is a leader? A leader is a person with integrity and responsible all the time. A leader is nice, respectful, and always fair. Leaders are helpful and kind.

The leader I chose was my big sister, Julia. She is always respectful and honest all the time. She's a great leader even when she's home alone babysitting my two little brothers and me. She is my best friend. We always get along and always forgive each other.

Last, if you want to be a leader, be nice, set good examples, and always try your best. Everyone can be a leader!
